Dear Sir,-

I am requested by the Council of the Royal Canadian Institute to ask if you could come to Toronto and deliver an address before the Royal Canadian Institute.

The Institute meets every Saturday evening in November and December but if it would not be convenient for you to come on a Saturday evening, the Council would be pleased to arrange a meeting on any other day of the week. Any time from the middle of November to Christmas would be satisfactory excepting the last week in November.

I may say that the Royal Canadian Institute is one of the oldest scientific societies in Canada and its principal objects are:- (1) to disseminate scientific knowledge by means of weekly lectures throughout its session, (2) the publication of original papers and discoveries in its Transactions, (3) by means of exchanges to place at the disposal of students, the valuable reference library.

In the event of your accepting the invitation, Professor Macallum will write in regard to the subject of the address.

I have spoken to President Falconer of the University

J. Patterson, Esq.,

Secretary, Royal Canadian Institute,

Dear Mr. Patterson:

I have just had a request from the Executive of the Speakers' Patriotic League to dine with them on Saturday night when the Governor-General is to be present at the Council of the League. As I have been interested in the workings of this League from the beginning I feel that I should be present at the meeting. Will you be kind enough to give my regrets to the Royal Canadian Institute that I shall find it impossible to be present on Saturday night, but I hope to be able to read Dr. Macallum's address ?

Yours sincerely,

President.
